NOT VOTING—6

Armstrong	Guest	Miller (IL)
Casten	Herrell	Zeldin

□ 1554

Mr. GALLAGHER changed his vote from “yea” to “nay.”

So the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

PERSONAL EXPLANATION

Mrs. MILLER of Illinois. Madam Speaker, had I been present, I would have voted “nay” on rollcall No. 270, “yea” on rollcall No. 271, “nay” on rollcall No. 272, “nay” on rollcall No. 273, “yea” on rollcall No. 274 and “nay” on rollcall No. 275.

REMOVAL OF NAME OF MEMBER AS COSPONSOR OF H.R. 2107

Mr. GAETZ. Madam Speaker, I hereby remove my name as cosponsor of H.R. 2107.

The SPEAKER pro tempore (Ms. BURDEAUX). The gentleman's request is accepted.

REMOVAL OF NAME OF MEMBER AS COSPONSOR OF H.R. 5344

Mr. CARTWRIGHT. Madam Speaker, I hereby remove my name as cosponsor of H.R. 5344.

The SPEAKER pro tempore. The gentleman's request is accepted.

RISING COSTS ARE SIMPLY UNACCEPTABLE

(Mr. LANGEVIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANGEVIN. Madam Speaker, I rise today in support of the Lower Food and Fuel Costs Act.

Every day, I hear from Rhode Islanders rightly frustrated by the rising cost of everyday goods.

Exacerbated by Putin's invasion of Ukraine, grocery bills are climbing higher, gas costs more than \$5 per gallon, and tangled supply chains continue to fuel inflation.

The American people are being pushed to the breaking point. The status quo is simply unacceptable.

This bill will provide relief to Americans feeling the pain at the pump by boosting domestic biofuel production, and it will drive down costs at the grocery store.

Best of all, Democrats have worked hand-in-glove with our Republican colleagues to advance this bipartisan legislation out of committee and onto the House floor.

Madam Speaker, this legislation is a great step in the right direction, but we must do more. We must crack down on gas companies exploiting this crisis for profit.

Like President Biden suggested, we must work with oil companies to address supply and capacity shortages.

Finally, if we don't want to be back to this point ever again, we must accelerate our transition away from fossil fuels once and for all. The American people are counting on us.

□ 1600

GAS PRICES HAVE DOUBLED

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Madam Speaker, gas prices have doubled under President Biden's failed anti-American energy policies. But I don't know which is worse, that the national average per gallon of gas is 5 bucks or that—in my home State of California, we would like to see 5 bucks once again. Prices are well over \$7, thanks to decades' worth of regulatory assault on American gas in California and now at the Washington level.

While the American people are struggling to keep up financially, the Secretary of Energy and the Secretary of Transportation tell them to go buy electric vehicles. If American families are struggling to afford these outrageous gas prices, what makes these bureaucrats think that they can afford a brand-new \$50,000 electric vehicle? Enough of this “let them eat cake” attitude.

These gas prices weren't caused by Russia's invasion of Ukraine. They were caused by regulatory assault on

our energy industry and domestic production being killed.

President Biden, take responsibility for your failed energy policies. Stand down from your war on American energy, and unleash American energy independence and help our people for a change.

CELEBRATING 10TH ANNIVERSARY OF DACA

(Mr. CÁRDENAS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CÁRDENAS. Madam Speaker, I rise today in celebration of the 10th anniversary of DACA, the program that has protected nearly 1 million inspiring young people and given them the opportunity to contribute to our great economy.

Dreamers are our family, friends, and neighbors. They are teachers, doctors and nurses, small business owners, servicemembers, and so much more.

They work hard and contribute to our great economy. They make America a better place for everyone. Yet, they face unspeakable hardships and witness the ugliness of anti-immigrant sentiments in our great country. But their resilience has shined through all of that.

Let me be clear. Today is an incredible milestone, but another 10 years without permanent protections and a pathway to citizenship is simply unjust. That is why I will continue to fight to give every single Dreamer that continues to live in our country permanency, because in America, we believe that when given that shot at the American Dream, anything is possible.

RECOGNIZING ALZHEIMER'S AND BRAIN AWARENESS MONTH

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Madam Speaker, June is Alzheimer's and Brain Awareness Month. Worldwide, there are an estimated 47 million people living with Alzheimer's and other dementias. Without a change, these numbers are expected to grow to 76 million by the year 2030.

Alzheimer's is the sixth leading cause of death in the United States and is the only leading cause of death that cannot be prevented, cured, or even slowed. Sadly, one in three seniors will die with the disease.

This disease took my mother's life.

Alzheimer's has a devastating impact on those who are diagnosed with the disease and their caregivers and loved ones. More than 16 million Americans provide unpaid care to family and friends living with Alzheimer's and other forms of dementia.

Compared with caregivers for people without dementia, twice as many caregivers for people with dementia indicate substantial emotional, financial, and physical stress.
